The modern lifestyle has had both positive and negative effects on people's lives. Modern technologies have enabled us to have easy access to information, become more creative, experience fast communication, travel easier, and have a more comfortable life. Have you ever imagined life without **them**? Most people cannot do that, as technology is the miracle of our time.

But using technology in a wrong way has created bad habits and new types of addictions. It is not strange now to call someone an Internet or mobile addict. Technology addicts are people with serious problems to control themselves to use various kinds of technology, in particular the Internet, smartphones, tablets and laptops. They do not like to socialize with people; instead, they prefer to be alone and spend lots of their time working with their devices. This makes them depressed and impatient.

- 52) Technology has only negative effects. a. True b. False
- 53) Technology addicts prefer to socialize with people. a. True b. False
- 54) What does "**them**" in the 4th line of the 1st paragraph refer to?
a. positive effects b. negative effects c. modern technologies d. people
- 55) Technology is the----- of our time.
- 56) Who is a technology addict?
- 57) What makes technology addicts depressed and impatient?
